Hills Dash To Vegas

2000 SORREL STALLION AQHA 3969694
\$750 FEE

Hills Dash To Vegas is closely related to the late-great Cash In Your Bux—same sire, Givemalickin 100si, both out of Vegas Hard Way 100si mares, and he is proving that he will follow in older brother's hoofprints as an outstanding sire of barrel, rope and race horses. Givemalickin sired many great barrel, steer wrestling and rope horses. He even sired the top dressage horse at Spruce Meadows in Canada. The black gelding that Clay Tryan ropes on—named head horse of the PRCA—is out of a Givemalickin mare. Blane Pederson from Canada won the world steer wrestling title on a son of Givemalickin. Don't need to tell anyone about the great Dash for Cash and what he has done for the QH industry, such speed, disposition & intelligence that is passed on. Givemalickin is double bred Rocket Bar. Givemalickin died the year "Dash" was born, so we are fortunate that we have the second Givemalickin stallion in our breeding program!

Dash's dam, Vegas Bar Kidden, was a barrel and team penning horse in Canada when we had the chance to purchase her. We sent her to Givemalickin to be bred before we ever brought her home! Her sire, Trinks Vegas Bar "LV," and Lisa Scheffer won so much barrel racing until a mare kicked him and broke his leg, he had to be put down. LV's dam goes back to the great Classy Bar. Vegas Hard Way AAAT was an awesome barrel horse and sure passed that on to his colts, and they seem to produce the same strong genetics. His colts were very cowy and many of them were also great rope and steer wrestling horses. No Kidden colts did great in the show ring in many events.

The folks that own Dash's foals are very pleased with their intelligence, disposition & speed along with their athletic ability. Darcy Mapston is winning on Hills Dashes Bar Bee, actually Bar Bee will be Raenee's horse in time. Pam VanKekerix bought a Dash sired stallion & really likes his get. Dash also has some colts starting to do well in racing and roping & barrel events in ID, WY, SD and UT. Dash placed in the Barrel Breeders Incentive in his futurity and derby years.

Hills Dash To Vegas is nominated to the Barrel Breeders Incentive, Three Can Tango Stallion Auction and MG Barrel Race Stallion Incentive.

I have ridden some nice horses and the Hills Dash To Vegas rank right up there with the good ones. Smart, easy to handle and willing to learn. You show them something and they try to do it. I have ridden two for Mary Hill and neither one had any buck and always a good attitude. If you are looking for a good ranch horse or headed to the arena take a look at the Hills Dash To Vegas colts, you won't go wrong.

Cash In Your Bux

1988 BLACK STALLION AQHA 2682471
(1988–2011)

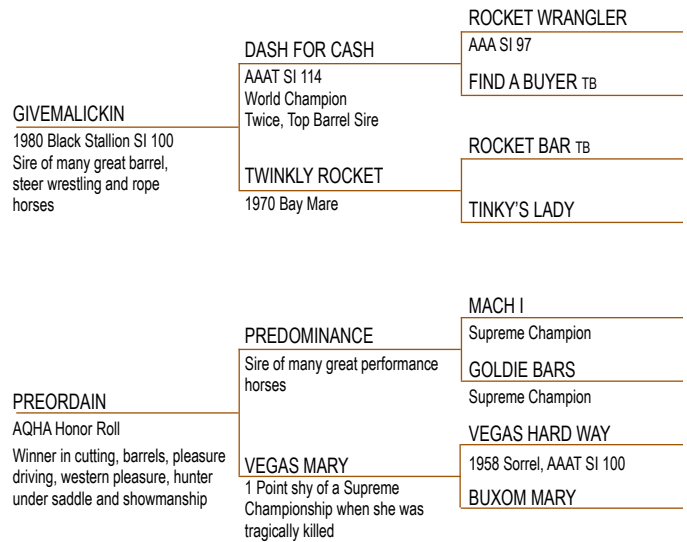

Cash In Your Bux was by Givemalickin (AQHA black stallion), who sired many great barrel, steer wrestling and rope horses. Givemalickin even sired the top dressage horse at Canada's Spruce Meadows. The black gelding Clay Tryan ropes on that was named PRCA head horse of the year, is out of a Givemalickin mare. Blane Pederson from Canada won the world steer wrestling title on a son of Givemalickin. Don't need to tell anyone about the great Dash for Cash and what he's done for the QH industry, such speed, disposition and intelligence that is passed on. Givemalickin is double-bred Rocket Bar.

The very versatile Preordain (AQHA gray mare) was an AQHA Honor Roll award winner in cutting, barrels, pleasure driving, western pleasure, hunter under saddle and showmanship. She qualified for the AQHA World 4 times. She was by Predominance, who sired many great performance horses. Vegas Mary was one point from a Supreme Championship when she was killed going to the World Show, she also showed in all the performance and show events. Vegas Hard Way was an awesome barrel horse and sure passed that on to his colts, and they seem to produce the same strong genetics. His colts were very cowy and many of them were also great rope and steer wrestling horses.

Folks who have owned "Cash" colts say that they are real people-horses, just want to please you and that they are "born broke." His black colts are true black and stay that way. He has not only sired top timed-event horses, but also reining, cutting and show horses. His offspring are eligible for the Barrel Breeders Incentive, 5-State, and the Bold Heart barrel breeders futurities. Cash has been listed in the top barrel sires in the United States.

To name just a few of his colts that have done well for their owners are: Cashs Tuxedo won every all around/high point in the APHA in Montana. Roma Ward then bought him and he won lots of money in barrels, as a futurity, derby and rodeo horse. Unfortunately he died at a young age, Roma came back and purchased Giveme Your Cash, they won over \$25,000 by winning every breeders futurity they entered, then placed 2nd at the Fizz Bomb futurity that year, and they were still winning barrel races across the midwest until he was retired a year ago. Hills Cash Bar and 13-year-old Tahnee Sanders won money at every barrel futurity they went to, same thing at the derbies. Tahnee retired "CB" and purchased Hills Cash Machine for her new barrel prospect. Hardways Fancy Cash and Lisa Scheffer won over \$24,000 in futurities, followed by many wins in derbies and rodeos. Molly Powell leased "Fancy Cash" for part of a summer, they placed at 90% of the WPRA rodeos entered. Ima Pan of Cash and Teha Weyer are the MHSA top pole-bending pair in MT, have been for 2 years—one year they were reserve champions at the SSIR. Darcy Maptson and Hills Jester Cash "Comet" won many 1Ds. Comet's now owned by Syndnee Hettinger of WY who's winning on him. Lorie Cahoy heads on Jeans Instant Cash to many team roping winnings, including the #9 USTRC championship

in Montana, they also own a full brother that Dale heels on. As a high school gal, Annie Novotny and Cash Kisses won the average at their very first Northern Rodeo Assoc. finals, they won over \$2200 there and finished 5th for the year. Annie was the 2009 Montana WPRA Rookie of the Year. Deanna Levine and Cash In Brownwrapper "BW" won the rookie for the WPRA and placed 4th their first year of barrel racing & they continued their winning ways. Mercede Knudson Eve and A Cute Cash won championships in barrels at high school, college (4 X Big Sky champion), NRA, WPRA and 1D. This tough pair won the WPRA championship and were reserve in the NRA the same year. Raelene Konzak placed in every derby entered on "Cutie." There are so many more horses that could be mentioned here—but this is just a few—disposition, speed, intelligence and athletic ability make Cash colts winners.

HQH Fan Letters

I bought Hills Ruby N Vegas from Mary Hill in March of 2013. She was just coming 3 and had not been started yet, and was very quiet and easy going. Ruby loads easy, is great with having her feet done and is just easy to be around. She spent 30 days at the trainer and was mostly trained by driving. She was very easy to train and picked up on what she was asked to do quickly. She had only 12 actual rides on her when I got her home and had never really been ridden out anywhere. Our first ride out was moving cows in the Highwood mountains. She was amazing! Stepping over logs, weaving through trees, had cows behind her, people yelling and none of it bothered her. She did and went anywhere I asked her. For the last year I have been moving cows and pleasure riding. This spring I have started barrel lessons with her and we are both learning how hard that actually is to do. Ruby has a big heart and a great mind. She doesn't get upset easy and will try anything she is asked to do. I'm hoping to take her to some jackpots maybe by the end of the summer, she sure can run! I'm so glad I bought this ZT horse and hope to have another in the future!!! Thanks again Lois and Mary

LISA ASSELS

This is the second time I have purchased horses from the Hills. I return to them because they have a reputable reputation and I was way beyond happy with my last mare from them. Not only are they the kindest people and they stand behind their horses, they would help anyone they could. They bred sound minded horses that are athletic and easy to train. They have more experience breeding and raising great champions than most breeders. Lois is greatly involved in many aspects of the horse world and this gives her education on what to breed to reach the competitive goals of so many of her clients. The two young horses I currently have are beyond athletic and quick to learners, they could go any direction in the arena. They have a very bright future ahead of them. I am blessed to have these two fine horses from Mary and Lois.

Thank you.

She won both goes and the average of the tough Fizz Bomb Maturity with Tracy Bail Maher, plus many other wins for Tracy and her mom, Bunny. Acute has passed that winning barrel horse ways on to her colts—just to name a few: Hills Cash Bar took 13 year old Tahnee Sanders to the pay window at every futurity entered, they are still winning years later. A Cute Cash and Mercede Knudson Eve won everything from high school, college, Northern Rodeo Ass'n, WPRA and 1D jackpots. The last two years Morgan Knudson (Mercede's sister) has competed on Cutie. They placed 2nd at the 2010 Polson PRCA Rodeo. Hills Super Six Fols was winning in ID and siring some great colts, he was just purchased by a gal in Canada.
